CELEBRATING 40 YEARS WITH
COMMUNICATING FOR AGRICULTURE

HON. COLLIN C. PETERSON

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 8, 2011

Mr. PETERSON. Mr. Speaker, in 1972, Communicating for Agriculture (CA) started as a small group of dairy farmers in Minnesota's 7th Congressional District. Today CA has tens of thousands of agriculture and small business members across the United States, and 4 decades of legislative accomplishments on behalf of their members. From helping to form the first state high-risk pool for the medically uninsurable in Minnesota in 1976, to the first beginning farmer loan program in Iowa in 1980, to forming its own international agriculture exchange program in 1985, to receiving the first Agriculture Apprenticeship designation granted by the U.S. Department of Labor in 2007, CA was founded to promote the general health, welfare and advancement of people in agriculture or small business, and after 40 years of service to rural America, that mission continues to drive CA today.

In 1986, the CA Foundation applied for and received authority from the United States Department of State to sponsor a J-1 training and intern program, allowing the exchange of young people to have a learning experience in agriculture. That year 6 trainees arrived as part of CA Education and Exchange Program (CAEP). Within 10 years, the program grew to become the largest of its kind in the United States. Today, CAEP works with more than 1,000 young people from more than 50 countries in the areas of agriculture, horticulture, enology, equine and turf management, with CAEP international offices in Denmark, Mexico, Columbia, Chile, Uruguay, Brazil, Argentina, South Africa, Hungary, Moldova, Ukraine, United Kingdom, Canada, Australia, New Zealand, the Philippines and China.

Today, the U.S. State Department requires the J-1 Visa program to include a training plan that is agreed to by the CA Member Host, as well as the trainee or intern. Upon satisfactory completion of the program, CAEP awards a certificate of completion, which is taken by the trainee back to their home country where they will begin their career in their chosen field. The CA Foundation also provides opportunities and grants to Americans between the ages of 18 and 28 to have a similar 3 to 12 month placement in agriculture with one of our country partners around the world.

Congratulations to CAEP on 25 years of international agriculture education and ex-

change leadership and to CA on 40 years of serving rural America.

HONORING HAL STRICKLAND FOR
HIS DEDICATED SERVICE TO
COMMUNITY RECREATION

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 8, 2011

Mr. CONNOLLY of Virginia. Mr. Speaker, I rise to recognize Hal Strickland for receiving the National Voluntary Service Award from the National Recreation and Park Association.

This prestigious award is given to volunteers who work to improve recreation, parks and conservation programs in our communities. With more than three decades of volunteer service with local youth and parks organizations, Mr. Strickland has left a profound and lasting imprint on my community of Fairfax County, Va.

In addition to his career as a civil engineer for the U.S. Forest Service, Mr. Strickland served 14 years on the Fairfax County Athletic Council, including two as chairman. He founded the Chantilly Youth Association, and spent 25 years as president of the community sports league. He served as president of the Greenbriar Civic Association, and for the past 20 years, he has served on the Fairfax County Park Authority Board, where he has served as chairman six times.

He has said that he is most proud of his work on Fairfax County's successful synthetic turf field program. I was proud to partner with Mr. Strickland to launch that effort during my tenure as Chairman of the Fairfax Board of Supervisors. It played a vital component of our anti-gang initiative by providing young people with more year-round outdoor activities. This community collaboration also has expanded field opportunities for Fairfax's many sports leagues. The program now has more than two dozen synthetic fields across the county.

He is also known for his work of preserving green spaces in Centreville and Chantilly, despite the areas' rapid growth. This green space resembles the historic beginnings of the area, when it was a collection of gentlemen horse farms. He has truly influenced the quality of life in Fairfax through his accomplishments.

Mr. Speaker, I ask that my colleagues join me in commending Hal Strickland for receiving the National Voluntary Service Award and thanking him for his years of service in our community. Through his dedicated service, we are preserving our history through green spaces and making recreational activities more accessible to all for generations to come.
